# About

---

The Manufacturing Excellence Summit brings together manufacturing executives, operations leaders, finance professionals, IT decision-makers, and industry experts for a day of practical insights, strategic discussions, and valuable networking.

Designed specifically for manufacturers, the summit focuses on the challenges and opportunities shaping modern operations, including innovation, operational performance, workforce development, cybersecurity, automation, and business growth.

As a sponsor, your organization will have the opportunity to engage directly with manufacturing decision-makers while supporting a growing community of manufacturing leaders throughout the region.
